An international event with complete realtime activity with the surgeons organized by the Politzer Society in cooperation with LION Videoconference network. The LION Videoconference network is an ideal way to include a number of guest speakers and has the potential to generate lively discussion.

For the second Global Politzer Society broadcast on middle ear surgery there will be up to ten live operations. The major surgeons are Hans Peter Zenner, Tübingen, Germany, Thomas Lenarz, Hannover, Germany, Robert Vincent, Colombiers, France and Wilko Grolman, Utrecht, The Netherlands. Moderator: Markus Pfister from Tübingen moderating in Utrecht.

Panel members will participate from their own site in Europe. The moderator located in Utrecht will stimulate the debate with the panel.
